ENERGY

The Alberta Council for Environmental Education and Mount Royal University's Department of Education and Schooling invite you to participate in a dialogue about advancing environmental education within teacher pre-service education programs.

You will explore the environmental education that currently exists at Mount Royal University and brainstorm and discuss opportunities and strategies to enhance environmental education within Mount Royal University's teacher preparation program.

**Where: Mount Royal University,  
Lincoln Park Room (J301)**

**When: Friday, February 17th 9:00-2:30**

The day will begin with brief presentations from local teachers, MRU faculty and Alberta Council for Environmental Education, followed by lunch and a facilitated dialogue on advancing environmental education.

There is no charge for the session, but we do require registration, as space is limited and lunch will be provided.

For more information, to see the schedule for the day, and to register, please visit:
